8. Name and addresses of adjoining property owners whose property also adjoins the waterway.  <b>State of Washington</b> <b>Department of Natural Resources</b> <b>Olympia, Washington 98504</b>		
<div style="text-align: right; margin-bottom: 10px;">   <b>1212950</b> </div> 9. Location where proposed activity exists or will occur. <div style="display: flex; justify-content: space-between;"> <div style="width: 45%;">           Long. <u>122°25'00"</u>            Lat. <u>47°37'35"</u>            Sec. <u>XX</u> Twp <u>XXX</u> </div> <div style="width: 50%;">           Rge _____ (Where applicable)         </div> </div> <div style="display: flex; justify-content: space-between; margin-top: 5px;"> <div style="width: 30%;"> <u>Washington</u>  <small>State</small> </div> <div style="width: 30%;"> <u>King</u>  <small>County</small> </div> <div style="width: 30%;"> <u>Seattle</u>  <small>In - City or Town</small> </div> <div style="width: 10%; text-align: right;"> <small>Near - City or Town</small> </div> </div>		
10. Name of waterway at location of the activity. <u>Elliott Bay</u>		

11. Date activity is proposed to commence. **November 1975**

Date activity is expected to be completed. **April 1976**

12. Is any portion of the activity for which authorization is sought now complete? Yes ☐ No ☒

If answer is "Yes" give reasons in the remarks section. Month and year the activity was completed \_\_\_\_\_ . Indicate the existing work on the drawings.

13. List all approvals or certifications required by other Federal, interstate, state or local agencies for any structures, construction, discharges, deposits or other activities described in this application.

Issuing Agency	Type Approval	Identification No.	Date of Application	Date of Approval
----------------	---------------	--------------------	---------------------	------------------

14. Has any agency denied approval for the activity described herein or for any activity directly related to the activity described herein? Yes ☐ No ☐ (If "Yes" explain in remarks)

15. Remarks (see paragraph 3 of Permits Pamphlet for additional information required for certain activities).

**Block 7**

**Proposed use: Other, Federal dredging for removal of hazardous material.**

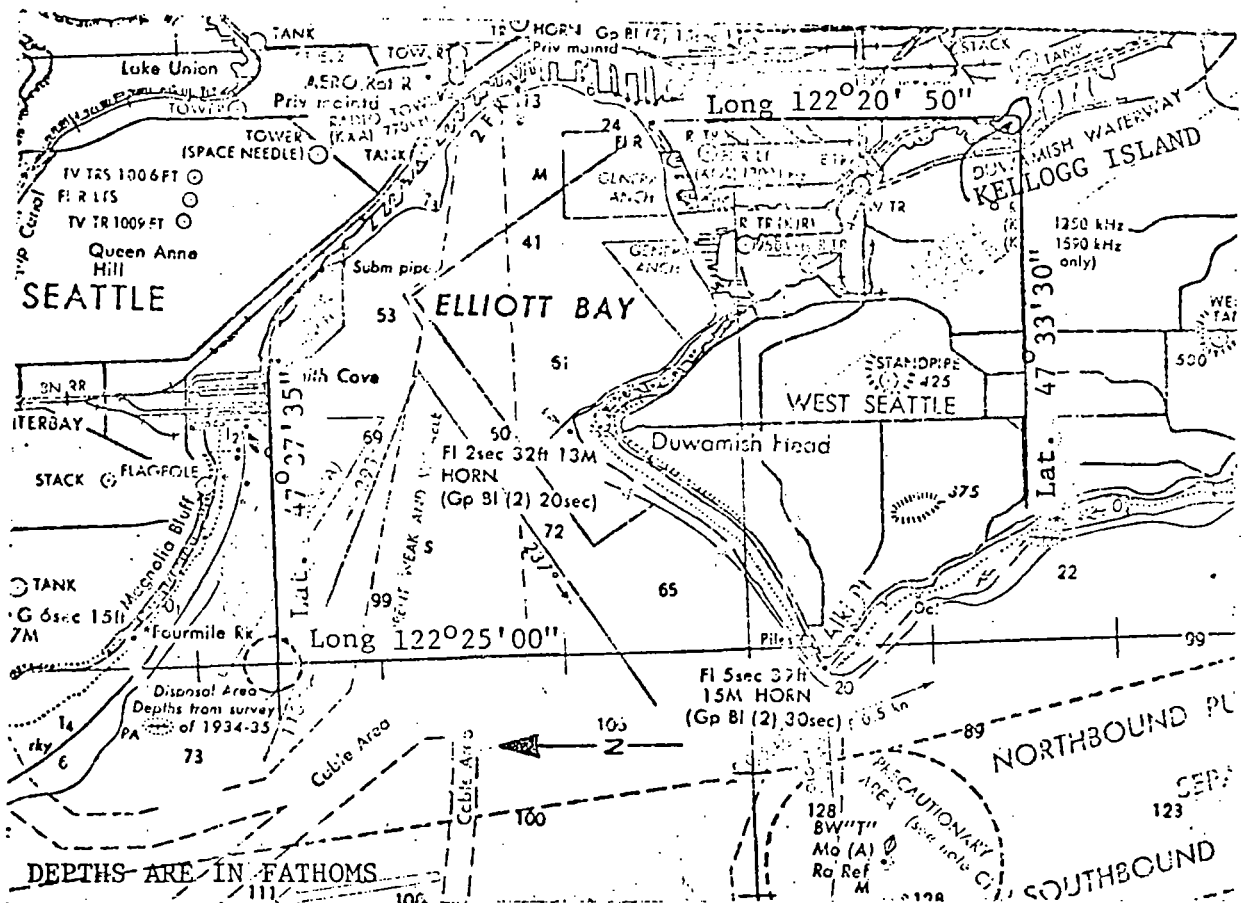

16. Application is hereby made for a permit or permits to authorize the activities described herein. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, complete, and accurate. I further certify that I possess the authority to undertake the proposed activities.

\_\_\_\_\_  
Signature of Applicant

18 U.S.C. Section 1001 provides that: Whoever, in any manner within the jurisdiction of any department or agency of the United States knowingly and willfully falsifies, conceals, or covers up by any trick, scheme, or device a material fact or makes any false, fictitious or fraudulent statements or representations or makes or uses any false writing or document knowing same to contain any false fictitious or fraudulent statement or entry, shall be fined not more than \$10,000 or imprisoned not more than five years, or both.

The application must be signed by the person who desires to undertake the proposed activity; however, the application may be signed by a duly authorized agent if accompanied by a statement by that person designating the agent and agreeing to furnish upon request, supplemental information in support of the application.

If the activity includes the discharge of dredged or fill material in navigable waters or the transportation of dredged material for the purpose of dumping it in ocean waters, the application must be accompanied by a fee of \$100 for quantities exceeding 2500 cubic yards and \$10 for quantities of 2500 cubic yards or less. Federal, State and local governments are excluded from this requirement.

**NOTE:** In order to allow for the disposal of approximately 50,000 cubic yards of Polychlorinated Biphenyl contaminated material from the Duwamish River under Permit Application 071-OYB-1-002876, approximately the same amount of uncontaminated sands and silts must be removed from Kellogg Island. Heavy equipment will load the material on bottom dump barges which will transport and dump it at Four Mile Rock disposal site.

**PURPOSE:** Provide Disposal Area for Contaminated Material on Kellogg Island  
**DATUM** Mean Lower Low Water (M.L.L.W.) = 0.0' N.O.S.
